POLITICAL CRISIS.

The Situation at Present is of Historical and Constitutional Importance.

FORMATION OF A NEW CABINET.

King Edward Resolved to Play the Part of a Ruler Instead of Being a Mere Figurehead.

Every Detail of the Negotiations in the Filling Up of the Vacancies in the Ministry Must Be Submitted to Him.

London, Sept. 24.—The political crisis has taken on a phase which lends to the present situation an historical and constitutional importance of almost unprecedented interest. The king has interfered, not constitutionally or beyond the powers vested in the crown, but in the exercise of his prerogatives to an extent never dreamed of in the Victorian era.

Premier Balfour's continued presence at Balmoral has given rise to much surmise and comment, but it can be said definitely that it is due to the king's determination not to assent to the formation of a new cabinet until thoroughly satisfied that its personnel and combination are such as to ensure the efficient carrying on of the affairs of the empire pending the resumption of parliament.

For years cabinets were formed or ministerial vacancies filled with the mere formal presentation to the sovereign of the names of the new ministers. King Edward has done away with this tradition. He has spent the last few days in constant discussion with Mr. Balfour as to the advisability from the point of view of the national welfare of Balfour's suggested appointments. Ministers now holding office and those nominated for office have been summoned to Balmoral to join in these conferences and all have been subjected to a degree of interrogation such as has surprised even those who knew King Edward intimately as the prince of Wales.

To such an extent is King Edward holding his power of veto in reserve that now he is almost regarded by the inner circles as more the cabinetmaker than Mr. Balfour himself. Though with his usual tact, the king has refrained from expressing any political views or infringing the initiative belonging to the ministers, but this has not prevented him from expressing his genuine desire, amounting almost to a command, that steps be taken to remedy the scandals in the army administration revealed by the report of the South African war commission and insisting that the new cabinet shall be one adapted to deal with that question.

Dealing with the surmise on some of the foregoing points the Morning Advertiser Wednesday said: "The king has in this national emergency resolved to play the part of a ruler instead of being content with that of a figurehead."

Meantime every detail of the negotiations for filling up the vacancies in the cabinet are submitted to the king, who for the time being has transformed Balmoral into the political center of the empire which, owing to the unusual influences at work, several surprises may emanate. Whatever the results may be they can safely be attributed to a large extent to the king's interest in the crisis.

KING MENELIK.

Consul Skinner Will Make Him a Personal Visit.

Washington, Sept. 24.—Mr. Skinner, United States consul general at Marseilles, who is to make a personal visit to King Menelik at his capitol, Adia Abeda, in the mountains of the interior of his extensive domains, to conclude a commercial treaty, is now in this country making arrangements for his expedition and probably will start in about two or three weeks for the Eastern Mediterranean, from which region he will complete his journey to Jibuti on one of the vessels of Adm. Cotton's squadron. In case it is decided to send the entire squadron to the east coast of Africa on this mission it will not be necessary for them to leave their present stations for at least a month.

HELD UP A TRAIN.

The Engineer Fatally Wounded and One of the Robbers Killed.

Portland, Ore., Sept. 24.—The Atlantic express on the Oregon railroad & Navigation Co.'s line, which left Portland at 8:15 o'clock Wednesday night, was held up at Corbett, 20 miles east of Portland shortly before 10 o'clock. The train was run to Bridal Fall, six miles, where it was met by a locomotive from The Dalles. A special train left Portland for Corbett carrying a posse. The Oregon Railroad & Navigation Co. has offered a reward of \$1,000 for the arrest of the highwaymen. It is reported that when the robbers went to the express car and attempted to enter the express messenger opened fire and killed one of them. A locomotive will arrive in Portland about 2 o'clock, bringing the wounded engineer.

TO FIGHT UNION LABOR.

New England Jewelers and Silversmiths Sign An Agreement.

Providence, R. I., Sept. 24.—Three hundred members of the New England Manufacturing Jewelers and Silversmiths' association have signed an agreement which provides for the shutting out of all union men in the event that the labor officials should declare a strike in any one or all of the jewelry shops in this vicinity. This action is the result of the agitation recently made by the union for a nine-hour day and other concessions. The threatened strike did not materialize. The agreement stipulates that any union man who strikes against any member of the association must not be re-employed.

G. A. R. MEN IN UNIFORM.

They Were Barred From Attending Funeral Services in a Church.

Neenah, Wis., Sept. 24.—Excitement has been caused in local G. A. R. circles over a ruling of Rev. Albert Froehke, which barred G. A. R. men in uniform from attending the funeral services of Ferdinand Sauer in the German Lutheran church. Rev. Froehke says that his action was merely enforcing the rules of the church. Those present at the funeral say that when brought into the church the coffin was draped with an American flag and the preacher ordered the flag removed.

NO ACTION TAKEN.

Executive Council A. F. of L. Considered the Miller Case.

Washington, Sept. 24.—The executive council of the American Federation of Labor Wednesday considered the case of W. A. Miller, the foreman of bookbinders, who was dismissed from the government printing office because he had been expelled from the local bookbinders' union and who was subsequently reinstated by order of President Roosevelt, but took no action in the matter, deferring that until later. The case was under consideration by the executive council for some time.

ANTI-SEMITIC RIOT.

The Police and Military Openly Sided With the Plunderers and Murderers.

A SECOND KISHINEFF AFFAIR.

Jews Were Brutally Clubbed by the Soldiers With Guns, Bayoneted or Placed Under Arrest.

Altogether Nearly 400 Houses and Shops Were Wholly or Partially Wrecked at Gomel, Russia—Christians Took Part.

Gomel, Government of Mohile, Russia, Monday, Sept. 21.—Anti-Semitic riots occurred here on September 11, and were renewed for several days. The riots were smaller but perhaps more remarkable than those which took place at Kishineff, because the police and military openly sided with the plunderers and murderers, the "Pogromshiks," as the Russians called them. The troops supported by many educated and well to do Christians formed a moveable shield behind which the "Pogromshiks" ruthlessly demolished the Jewish homes and shops and cruelly clubbed such Jews as fell into their hands, leisurely proceeding from street to street and district to district as they did so.

The commerce and industry of Gomel is largely in the hands of the Jewish population, numbering 25,000. Few of the residents are wealthy, but none are paupers. The Jewish artisans incline to socialism.

The trouble began on September 11, a holiday, "the day the beheading of John the Baptist," in a wrangle in the fruit and fish markets between Moujiks, peasants, and Jews. The wrangle ended in a free fight in which many were wounded. One Moujik succumbed to his injuries.

The Moujiks demanded vengeance and employed the following days, Saturday and Sunday, in inflaming the anti-Semitic agitation, the leaders being an officer, Pensky, and a rich merchant, Petrachenko.

Everybody knew that a pogrom would occur on Monday and the Jews appealed for protection to Chief of Police Ravsky, who summoned an infantry regiment from its summer encampment. Thus there were 1,000 soldiers in the town. At luncheon hour on Monday the anti-Semitic railway workmen to the number of some hundreds began an organized attack on the Jewish houses in Zamovkaya street, sacking them and demolishing or spoiling the bulky articles by soaking them with kerosene. Police Chief Ravsky had placed policemen and troops on the street, but they acted as though they were intended to protect the "Pogromshiks" from interference. Jews, who tried to cross the lines to rescue their coreligionists, were brutally clubbed by the soldiers with guns, bayoneted or arrested. Meanwhile, recruits for the "Pogromshiks" poured steadily over the bridge leading from the railway workshops.

Altogether nearly 400 houses and shops were wholly or partly wrecked, the windows smashed, the blinds and frames being splintered and every scrap of furniture and effects, even the samovars, sewing machines, mirrors and lamps destroyed or stolen. The Jews, who did not take refuge with compassionate Christians, or conceal themselves in cellars, were severely beaten and in many cases dangerously wounded. Some young Jews, exasperated by the action of the police and the troops, armed themselves with any available weapons and tried to force their way to the threatened houses. One Jewess attempted to shoot a non-commissioned officer and 25 revolver shots were heard in the vicinity of the bazaar, but were apparently fired in the air, as no one was hurt.

During the rioting a number of Jews were killed.

CHICAGO MYSTERY

The Dead Bodies of a Man and a Woman Found on Lexington Avenue.

BOTH HAD BEEN SHOT TWICE.

The Indications Are That the Man Killed the Woman and Then Committed Suicide.

There Are Other Features to the Case That Make It Somewhat Mysterious—Arthur M. Laurie Detained as a Witness.

Chicago, Sept. 24.—Early Wednesday morning the dead bodies of Harriet Elizabeth Weber and Innocent Talamini, a marble cutter, were found on Lexington avenue just south of 54th street. Both had been shot twice, and while there are indications that the man shot the woman and then killed himself, there are other features to the case that make it somewhat mysterious. Arthur M. Laurie, with whom the dead woman had made her home, will be held by the police until after the inquest. There is no evidence connecting him with the shooting, but he is detained as a witness. The shots that killed the man and woman were heard by residents of the neighborhood at about 1 o'clock Tuesday night. No move was made to investigate the shooting, however, and nothing was known of the tragedy until Wednesday morning when the bodies were discovered by a newspaper carrier.

The body of the woman was identified in a short time as that of "Mrs. Laurie," but when Laurie was brought to the police station he said that she was not his wife and that he did not know the man whose body was found with hers.

Wednesday night in going through the effects of Miss Weber an envelope was found addressed evidently in the handwriting of a man to Innocent Talamini. In seeking Talamini to find what he might know of the woman or the shooting, the officers identified the dead man as Talamini himself. No cause is known why Talamini should have shot the woman, but she had told several of her friends the day before of a Jew who had been following her and of whom she was afraid. Talamini has a Hebrew countenance, and it is the general theory that he shot her because she refused to marry him.

The woman when found had been shot twice through the left arm and through the breast. Talamini was shot twice, once through the neck and once upward through the chin, the bullet coming out at the top of his head. In the man's hand was a revolver with four chambers discharged, accounting for the four shots fired. The people living in the neighborhood where the tragedy occurred declare that more than four shots were fired, and one bullet crashed through the window of Mrs. S. Caswell, at 5410 Lexington avenue. These facts have led the police to believe that there may have been a third party to the shooting, although there is so far no direct proof that such was the fact. The Weber woman is a native of Detroit, Mich., having come here from that city several years ago.

THE CRAIGEN TUNNEL FIRE.

Efforts to Extinguish the Blaze So Far Has Been in Vain.

Bristol, Tenn., Sept. 24.—From an authoritative source it is learned that the Norfolk & Western railroad is contemplating laying a track around the mountain through which the Craigen tunnel extends and which is now burning. Two veins of coal, which were struck when the tunnel was being made, have caught fire and every effort to extinguish the blaze has so far been in vain.

Over 900 men are now employed at the tunnel which is about 1,000 feet long. Both of its ends have been stopped up securely. Water is being pumped into the cavity.

The statistical report which was made at the recent Methodist Conference at Covington, wherein it was made to appear that the membership of the church in Kentucky had shown a decrease of 1,746 during the past year, turns out to be erroneous. At the time the report was made public there was considerable surprise occasioned over the showing made, and many of the delegates declared at the time that there was a mistake somewhere. It was decided to revise the report and ascertain where the error was. It was found in reality, instead of a decrease of nearly 2,000, there was an increase of over 200.

KENTUCKY CROPS.

The Recent Frosts Caused But Little Damage—Corn Injured by Drouth—Tobacco Nearly All Cut.

[Weekly Bulletin of Weather Bureau Sept. 22nd.] The week opened with very high temperature, but showers occurred on the 16th and 17th, with much cooler weather. Light frosts were reported on the mornings of the 18th and 19th. Late tobacco and tender vegetables suffered in some localities, but the extent of the damage was not serious.

Corn cutting has begun and the crop is not turning out quite as well as was expected. Late corn has been cut short by the drouth.

Tobacco is about three-fourths cut and is curing nicely. The late tobacco has been quite severely injured in some localities by drouth and considerable has been cut green on that account; this is especially true of the butley districts except in the extreme northern counties, where the rainfall has been fairly abundant. Gardens are badly dried up and apples are dropping badly and will be a short crop. Pastures are generally very short and water for stock scarce in many localities. Hemp is about all cut and is not more than three-fourths of an average crop. Sorghum is reported to be in good condition.

The dry weather has about stopped plowing, but other farm work is well up

Gone to End Kentucky Feuds.

The latest victim of that Kentucky feud was a cow, which was shot in the dark by mistake. Some day, says the Chicago Record-Herald, one of these Kentucky feuds will collide with a goat, and that will be the end of the trouble.

The Bee says work on the Columbus and Ohio River Railroad continues to progress nicely. The force of hands on the road bed will get pretty close to Levanna this week, and the track layers will probably reach Straight creek. The rock crusher is grinding out ballast at a rapid rate and if the weather continues good the cars will soon be into Ripley. A survey along Front street is being made for the route through that city.

The Gazette says Cincinnati and Cleveland capitalists are ready to finance the extension of the Brooksville railroad to Flemingsburg, provided the citizens along the route assist in the way of a monetary donation to the enterprise, same to be paid when the road is completed and trains are running between Wellsburg and Flemingsburg. The owners of the Brooksville and Wellsburg road have agreed to put their road into the new company, and about \$50,000 more is wanted from the citizens along the route. This would be about \$2,000 per mile, making Fleming County's portion about \$16,000. Mr. E. J. Hunter began work this week soliciting subscriptions.

A GREAT RECORD.

Hard to Duplicate it in Maysville.

Scores of representative citizens of Maysville are testifying on the following subject. Such a record of local endorsement is unequalled in modern times. This public statement made by a citizen is but one of the many that have preceded it and the hundreds that that will follow. Read it:

Mrs. W. F. Woodward residing at West End, near Pogue's distillery, says: "Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Doan's Kidney Pills which I got at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kidney troubles when such a reliable and effective preparation can be had."

IT'S BUSY DAYS AT MERZ BROS.

We anticipate a big Fall and Winter season. If you have been watching the goods coming in you will know we have. We are busy now getting goods in order. Come and watch us work. It's very interesting to see new goods just as they are taken out of the box. Lots of goods never see the shelf or the rack.

Next week we start to put up our new building. We will be awfully happy when we can invite you in. We have lots of surprises in store—but what we do is not a surprise—IT'S EXPECTED OF US. In fact the people say we are "IT."

We are busy now, so must ring off. Good bye.

PAINFUL INJURY.

Mr. Lee B. Gray May Lose Sight of One Eye as Result of an Accident Wednesday.

Mr. Lee B. Gray, Superintendent of the electric plant, met with an accident Wednesday morning that may result in the loss of his left eye. He was engaged chiseling off a piece of a steel key that fits in a coupling at the electric power house, and took the precaution to stand behind it so as to avoid any danger. When the piece came off, however, it struck the wall or some other obstruction and rebounded, striking the eye with such force as to penetrate the ball. Dr. Smoot was called and rendered all the attention possible under the circumstances. It was feared at first the sight of the injured eye was destroyed, but hopes are now entertained of saving it.

THE BOYS IN BLUE.

Surviving Veterans of Two Kentucky Regiments Hold Their Annual Reunion. Officers For Ensuing Year.

The annual reunion of the association of the surviving members of the Tenth Kentucky Cavalry and the Sixteenth Kentucky Infantry regiments held at the court house Wednesday, was attended by about 125 veterans, of whom about 115 are members of the two regiments named and the remainder belonging to other regiments. Death is gradually thinning the ranks of the association, and year after year there are fewer of the veterans to answer to the roll call.

Captain H. C. Weaver, of Brooksville, President of the association, was unable to be present, and the meeting was presided over by Vice President Edward Bell, of Germantown. The election of officers for the ensuing year resulted, as follows:

President—R. S. Hudson, of Flemingsburg. First Vice President—John S. Wells, of Maysville.

Second Vice President—John Wallingford, of Greensburg, Ind. Secretary and Treasurer—C. C. Degman, of Springdale.

Chaplain—Jacob Miller, Maysville. Historian—W. W. Lynch, of Maysville.

Maysville was selected as the place of the next reunion on the fourth Wednesday in September, 1904, and Messrs. Geo. N. Crawford, W. W. Lynch, M. C. Huichins and T. A. Davis were appointed a Committee of Arrangements.

Messrs. C. C. Degman, Steele Dudley and W. W. Lynch were appointed a committee to consult as to the history of the Tenth Kentucky Cavalry.

Several short addresses were delivered during the day, the ablest and most eloquent being that of Mr. Wallingford, of Greensburg, Ind.

The reunion closed with a camp fire last night.

QUIETLY WEDDED.

Marriage of Mr. Garrett S. Jefferson and Miss Dee Worthington Wednesday Morning.

The marriage of Mr. Garret S. Jefferson and Miss Dee Worthington was solemnized Wednesday morning at 9, at the home of the bride near Fern Leaf, Elder W. W. Hall officiating. Owing to the recent death of the bride's grandmother, the wedding was a very quiet affair, only a few of the immediate relatives of the couple being present. Shortly afterwards the bridal party left in carriages for their future home at Millersburg.

The marriage witnessed the union of two of Mason's old and highly respected families, the groom's father, now deceased, having been a former resident of the county. The bride, who is just out of her teens, is a lovely and accomplished young lady, a daughter of Mr. Vachel Worthington. The congratulations and good wishes of the couple's many friends are tinged with feelings of sincere regret over her departure from their midst.

Mrs. D. W. Lyon has assumed control of the Cincinnati office of the Security Mutual Life Insurance Company, 507-508-509 Chamber of Commerce Building, where she will be glad to welcome her Maysville friends. It is a much better position than she formerly had with the Cincinnati Regalia Company.

Mr. Edward Miller entertained a number of his young friends at the home of his parents on Jersey Ridge, last evening, the occasion being his twenty-first birthday day, games and dancing were among the past times indulged in and delicious refreshments served. At the dawning of day the merry party dispersed, wishing Edward many happy returns of the delightful occasion.
